We Go the Extra Mile for Our Clients!  
Newsletter - May 2021

## ACE TEAM GOALS

ACE encourages our young and enthusiastic team to:

- Grow in Expertise.
- Grow in Confidence.
- Grow in Job Satisfaction.
- Grow in Number.

Grow in Delighting Our Clients with Superior Service!

## POWER SYSTEMS In the UTILITY space

Substation Automation – IEC61850

Substation Control Systems Commissioning

## Experience is the Number One ACE Differentiator!

At ACE we understand that mitigation of operational risk is the primary reason that our clients put their trust in us. Increasingly, operational technology (OT) systems lie at the heart of modern utility processes.

Over the past 7 years, the ACE team of experienced SCADA & automation engineers has built up a strong, trusted relationship with some of the most prestigious clients in the utility sector. Now we are expanding.

How would you like to come and join our expanding team? We are particularly looking for experienced control systems project managers and design engineers. If that sounds like you, then we would love to hear from you.

*Yu Zhao*

Choose a job you love, and you will never have to work a day in your life.

– Confucius

Change is our chance to experience the new, to identify additional options and generate different opportunities.

– Barbara Lucas

Keep away from people who try to belittle your ambitions. Small people always do that, but the really great ones make you feel that you too can become great.

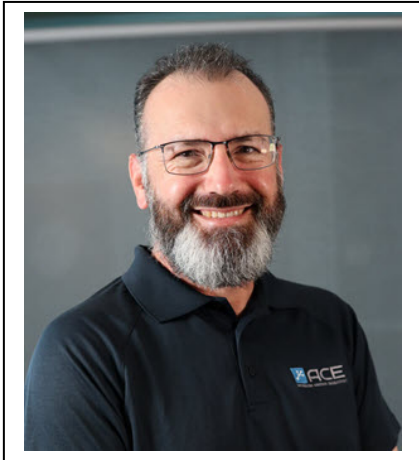

– Mark Twain

# Happy Team – Happy Clients

## Welcome Back Carlos!

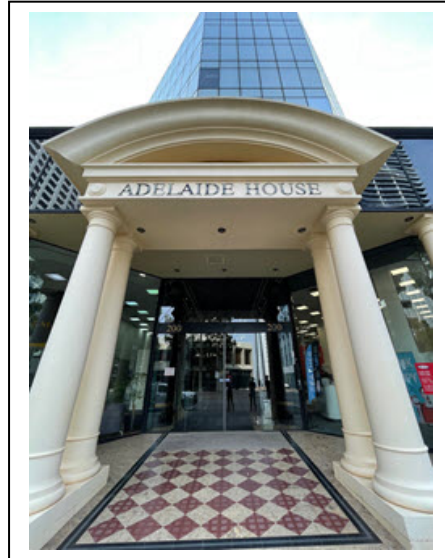

**Carlos Herrera – Senior Automation Engineer**

We are excited to welcome back one of the foundation members of the ACE team - from way back in 2014 – Carlos Herrera.

Carlos has a wealth of experience in all aspects of control systems engineering. We are fortunate to have been able to attract him back to join the expanding team at ACE.

## New Home for the Team

This month saw us move into new our offices at Level 6, 200 Adelaide Terrace, Perth. Can you name the teams members who helped the moving in COVID disguise on moving day?
