- Grow in Number.

Grow in Delighting Our Clients with Superior Service!

## ACE NEED YOU!

## CALL US NOW!

Don't forget, we are always on the lookout for experienced and motivated control systems engineers, who want to work on some exciting projects.

We would love to have you join the ACE team.

Call us now!

## BREAKING NEWS! - 2021 PROFESSIONAL ENGINEER OF THE YEAR

Our fearless leader, Yu Zhao was very humbled to receive the news that he was selected as a finalist in the 2021 Professional Engineer of the Year awards by Engineers Australia.

The Engineer of the Year Awards recognizes outstanding engineers who show innovation and resourcefulness in their work

According to Yu:  
*"Whether or not I am ultimately successful in this award is not really the point. I am just so grateful to everyone around me for their support through the years. That includes my family, my team and all my wonderful clients. It is an absolute honour to be nominated and to serve you all"*

The winner will be announced at a special celebration on 17 August 2021. We wish Yu every success!

*"None of us got to where we are alone. Whether the assistance we received was obvious or subtle, acknowledging someone's help is a big part of understanding the importance of saying thank you."*

-- **Harvey Mackay**

*"Reflect upon your present blessings—of which every man has many—not on your past misfortunes, of which all men have some."*

-- **Charles Dickens**

# Happy Team – Happy Clients

## WELCOME TO NICKI!

A huge welcome to Nicki Barrett who started with ACE as a Business Support Officer.

Nikki brings 23 years of Rio Tinto corporate experience, from driving haul trucks to executive assistance to GMs. She will elevate ACE to the next level with a wealth of corporate experience.

Nicki is also particularly skilled at keeping all the “younglings” in check – even if they bring their toys to work. 😊

## CONGRATULATIONS TO FINN & IVAN

The ACE training hub has enabled two engineers (Finn and Ivan) to successfully complete their Phase 1 trainings. As they receive their Phase 1 completion certificates, they look forward to their Phase 2 trainings.

ACE'S new “Iron Man” Technical Advisor has been a recent addition to the team. He has yet to complete his Phase 1 training. Look out!
