

# Australian Control Engineering (ACE)

We Go the Extra Mile for Our Clients!  
Newsletter - December 2021

## ACE TEAM GOALS

ACE encourages our young and enthusiastic team to:

- Grow in Expertise.
- Grow in Confidence.
- Grow in Job Satisfaction.
- Grow in Number.
- Grow in Delighting Our Clients with Superior Service!

## Reducing the Energy Footprint

ACE helps water utilities reduce their energy footprint – particularly for remote sites. These include bores, booster pump stations, water treatment plants, tanks, and valves.

Whilst others may adopt a trial-and-error approach, ACE's experience in solar power design, combined with in-depth SCADA expertise, reduces the client's project risks and operation & maintenance costs.

## Season's Greetings - From the Team at ACE

Santa's recent upgrade to a self-driving GPS-enabled zero-emissions hypersled has been great for everyone. Santa travels with ease and style, and the reindeer get a much-needed vacation.

The ACE team are also committed a net zero future for Australia. Australian businesses, together with state and local governments, are setting net zero goals and the Australian Government has confirmed it is seeking to get to net zero by 2050.

We know it will be essential to not just develop new technology to meet these goals, but to also address barriers to deployment of that technology. Australian businesses need practical tools to remain globally competitive. Achieving this will require the demonstration of technology at scale to drive wider adoption.

At ACE we look forward to helping our clients achieve this important vision in 2022 and beyond.

*"The holiday season is a perfect time to reflect on our blessings and seek out ways to make life better for those around us".*

**Terri Marshall**

*"The future depends on what you do today."*

**Gandhi**

*"I don't know where I am going from here, but I promise it won't be boring".*

**David Bowie**

*"Every moment is a fresh beginning."*

**T.S. Eliot**

*"Listen. I wish I could tell you it gets better, but it doesn't get better. You get better."*

**Joan Rivers**
